Index to Volume 12: Subject

Abuse; *see* **Violence**
Access to health care
Barriers to well child care for homeless children under age 13 (Riemer et al) 61
Acquired immunodeficiency syndrome
The Georgia rural-based nurse model: primary care for persons with HIV/AIDS (Sowell and Opava) 228
Use of primary caretakers as proxies to measure the health care needs of patients with AIDS (Berk) 109
Activities of daily living
A study on functioning for independent living among the elderly in the community (Yu) 31
Adolescence
Adequacy of prenatal care of urban high school students (Chen et al) 47
The contributions of sleep to perceived health status during adolescence (Mahon) 127
Afghan refugees
Afghan health education project: a community survey (Lipson et al) 143
African-Americans
Effects of sustained nurse/mother contact on infant outcomes among low-income African-American families (Barnes-Boyd) 378
Aged
The changing spirit of rural community nursing: documentation burden (Congdon and Magilvy) 18
Discharge planning from home health care and patient status post-discharge (Stewart et al) 90
The prevalence of leg ulcers in older people: implications for community nursing (Johnson) 269
A study on functioning for independent living among the elderly in the community (Yu) 31
AIDS; *see* **Acquired immunodeficiency syndrome**
Alcoholism
Causes of alcoholism: a qualitative study of traditional Muscogee (Creek) Indians (Wing and Thompson) 417
Application as scholarship
Application as scholarship: a community client experiment (Hemstrom) 279
Appointment, breaking; *see* **Patient compliance**
Asepsis
Developing a collaborative community partnership program in medical asepsis with tattoo studios (Bechtel et al) 348

Cardiac disease; *see* **Heart disease**
Care plan; *see* **Patient care plan**
Child
Barriers to well child care for homeless children under age 13 (Riemer et al) 61
Cardiac risk evaluation for elementary school children (Purath et al) 189
A care plan for children with tuberculosis (Buttaro et al) 181
Childbearing family health: a wake up call (Graham) 141 (Editorial)
Childhood sexually transmitted diseases: one consequence of sexual abuse (Anderson) 41
The use of human ecology and epidemiology in nonorganic failure to thrive (Reifsnider) 262
Child abuse, sexual
Childhood sexually transmitted diseases: one consequence of sexual abuse (Anderson) 41
Community as Client
The Interactive and Organizational Model of Community as Client: a model for public health nursing practice (Kuehnert) 9
Community partnership programs
Community partnership primary care: a new paradigm for primary care (Courtney) 366
Developing a collaborative community partnership program in medical asepsis with tattoo studios (Bechtel et al) 348
Competence; *see* **Professional competence**
Computers
Integrating informatics into the graduate community health nursing curriculum (Reinhard and Moulton) 151
Condoms
Women's beliefs concerning condom acquisition and use (Libbus) 341
Costs and cost analysis
Women with diabetes during pregnancy: sociodemographics, outcomes, and costs of care (York and Brown) 290

Databases
Integrating informatics into the graduate community health nursing curriculum (Reinhard and Moulton) 151
Delivery of health care
An encounter with the health care system (Graham and Shamansky) 1 (Editorial)
Use of primary caretakers as proxies to measure the health care needs of patients with AIDS (Berk) 109
Diabetes
Women with diabetes during pregnancy: sociodemographics, outcomes, and costs of care (York and Brown) 290
Directors, nursing
A study of public health nursing directors in state health departments (Stevens) 432
Discharge planning
Discharge planning from home health care and patient status post-discharge (Stewart et al) 90
District nursing
The Howard Association of New Orleans—precursor to district nursing (Hanggi-Myers) 78
Documentation
The changing spirit of rural community nursing: documentation burden (Congdon and Magilvy) 18

Ecology-Epidemiology Model
The use of human ecology and epidemiology in nonorganic failure to thrive (Reifsnider) 262
Editorials
An encounter with the health care system (Graham and Shamansky) 1
Been there, done that, what's next? (Giles-Wallen) 277
Childbearing family health: a wake up call (Graham) 141
Changing nothing, changing everything (Graham and Shamansky) 357
Ensuring public health nursing in managed care: partnerships for
